SUMMARY

Computer Science Engineering graduate passionate about web development and application design, with strong communication, teamwork, and problem-solving skills. Experienced in developing real-world projects and building user-friendly digital solutions. Quick learner with adaptability and a positive mindset, committed to continuous learning and professional growth in the technology field.

PROJECTS

CareSyn – Smart Healthcare Management System(Kotlin,Firebase,Python) Aug 2025–April 2026

- Developed an offline-first Android healthcare application using Kotlin and MVVM architecture.
- Implemented QR-based appointment booking, queue management, and digital prescriptions.
- Integrated Firebase Authentication, Firestore, and Room Database for secure and offline data handling.
- Optimized application performance for low-network environments.
- Tested and debugged features to improve reliability and user experience.

GitHub:<https://github.com/ODORSH/Smart-HealthCare-Android-App>

GridCode Navigator-Indoor Navigator Dec 2024–March 2025

- Designed a grid-based indoor navigation system for accurate routing without GPS.
- Implemented efficient pathfinding algorithms for indoor navigation.
- Focused on real-time usability and performance optimization.
- Applied problem-solving techniques to improve navigation accuracy.

EDUCATION

Bachelor of Technology in Computer Science and Engineering Oct 2022–April 2026

MES College of Engineering, Kuttippuram

- CGPA: 8.02
- University: APJ Abdul Kalam Technological University

Higher Secondary Education Mar 2021–April 2022

The Indian School, Kingdom of Bahrain

- Percentage: 85%
- Board: Central Board of Secondary Education (CBSE)

SKILLS

- **Programming Languages :** Python,Java,Kotlin,HTML,CSS
- **Frameworks & Libraries :** Android SDK, MVVM Architecture, Firebase (Authentication, Firestore, Realtime DB), Room Database, Express.js
- **Databases :** MongoDB, Firebase Firestore, Realtime Database
- **APIs & Concepts :** REST APIs, RESTful Services
- **Tools & Platforms :** Git, GitHub, Android Studio, Visual Studio Code, Firebase Console, Postman
- **Soft Skills :** Problem-solving, Teamwork & Collaboration,Quick Learning,Adaptability,Team Management,Presentation Skill

ACHIEVEMENTS

- Global Nominee & People's Choice Award – NASA Space Apps Challenge 2024
- 3rd Prize – NASA Space Apps Challenge 2024, Jyothi Engineering College
- Participated in IEEE FrizBee '23, Informatyka '23, and Xtrinia VI '25
- Completed 5-Day Android App Development Workshop – Tech Maghi (2022)
